

Computronix Honored in Third-Annual MSPmentor 250 Report

Global Report Identifies the World's Top Managed Services Executives, Entrepreneurs, Experts, Coaches and Community Leaders

September 23, 2010 – Barry Moniês, President & CEO of Computronix has landed on Nine Lives Media Inc.'s third-annual MSPmentor 250, a global report that identifies the world's leading managed services executives, entrepreneurs, experts, coaches and community leaders.

“Managed Services is the key to efficiently utilizing technology to effectively compete in today's complex business environment,” said Moniês. “It is an honor to once again be included on this exclusive list of the world's top people defining the future of managed services.”

“MSPmentor congratulates Barry Moniês and all of the experts identified within the MSPmentor 250 report,” said Amy Katz, CEO of Nine Lives Media Inc. “We hope the MSPmentor 250 serves as a global Rolodex that allows MSP industry leaders to quickly network with one another.”

The third-annual MSPmentor 250 report is based on a global survey of MSPmentor readers, conducted from May through July 23, 2010. The resulting report represents MSP experts in North America, Europe, Australia and emerging managed services markets across the globe.

MSPmentor and its readership are uniquely positioned to identify the world's top managed services experts. Ranked among the world's top 100,000 Web sites according to Alexa.com, MSPmentor is the world's leading managed services blog and community – and the ultimate guide to managed services.

About Nine Lives Media Inc.

Nine Lives Media Inc. (www.ninelivesmediainc.com) defines emerging IT media markets and disrupts established IT media markets. The company's first five web sites (www.MSPmentor.net, www.MSPtweet.com, www.TheVARguy.com, www.VARtweet.com and www.WorksWithU.com) are the leading blogs and destinations for their respective industries.

About Computronix

Computronix is a leading Technology Solutions provider, headquartered in Stamford, Connecticut. Since 1997, Computronix has focused on providing outsourced technology services to maximize the performance, reliability, and stability of computer networks without the costs and overhead of hiring a full-time staff. Utilizing their unique NetCare managed services, 70-90% of all computer/network support needs are handled remotely, automatically and during non-business hours for a price that is up to 60% cheaper than currently available support services. With over 1500 computers under their management, Computronix offers one of the most powerful and complete computer/network support services available today for small and medium sized businesses.
